

To: All parent(s)/guardians of youth going on any Glen Mar UMC Senior High Mission trip during the summer of 2009

What: Notification regarding limitations of liability of Glen Mar's insurance

Church Mutual, the insurance company for Glen Mar UMC, has notified us that they will not be liable for any injuries sustained by working with power tools by persons under the age of eighteen (18). Every participant in a mission trip is required to have insurance of his or her own. Usually this coverage is from a parent. The church acts as a secondary insurer. This announcement by Church Mutual means that in the event of an injury to a youth while working with power tools they (the insurance company) would not have any liability.

Because of this, it is necessary to have specific permission for each youth under the age of eighteen to allow them to work with power tools. Tools that might be used during our trips include circular saws, drills, reciprocating saws, miter saws, jigsaws and the like. Youth will only be allowed to use power tools after proper instruction, and under adult supervision. Youth must wear proper eye protection at all times while operating power tools.

YES Having read the above information, I give permission for my child to work with power tools during their 2009 mission trip:

Name of youth _____

Name of parent(s)/guardian (please print) _____

Signature of parent(s)/guardian _____

NO I do not want my child working with power tools on the 2009 mission trip:

Name of youth _____

Name of parent(s)/guardian (please print) _____

Signature of parent(s)/guardian _____
